# FOUNDER & CHAIRPERSON'S MESSAGE

Dear Members, Volunteers, well-wishers, and friends of the animals,

I am happy to present our 31st annual report, collaborated and designed by our admin officer Nimisha. I hope you find time to go through it and appreciate the services extended to 12,374 street animals in our city communities.

As you can imagine, the year has been a challenging one with a few feral dogs attacking children in the city outskirts. Tragedies like this happen every few years as the city keeps growing and expanding. Civic services take time to keep up and accidents happen as a result. The CCTV video that went viral caused much panic, alarm and outrage. Yet one must appreciate that despite the tragedy, knee jerk reactions did not lead the way as Municipal authorities stayed calm, focused and ensured birth control and anti rabies programmes were extended to the city outskirts and suburbs.

As a result we signed 8 new MOUs and reached new targets that demand relentless, coordinated work with high standards. The dedication of our team of employees led by CFO Mrs.Kumari, and Veterinarians Dr.Shubham, Dr.Irshad and Dr. Niranjan Reddy , deserves much appreciation.

Please join me to appreciate our Office bearers and Governing Board who go beyond duty and with selfless service. Join me to appreciate Volunteer Krishna Teja who took on a full time role during his break for a short time.

Our very best wishes and gratitude from Nagarjuna, my entire team and myself,  
Amala Akkineni

“

**My gratitude to our donors, sponsors, animal feeders, volunteers, foster care givers, rescuers, well wishers, pet adopters, members - each of you are special to us and we deeply appreciate all you do for the animals.**

## SHELTER DIRECTOR & CFO'S MESSAGE

### MRS. N.S.K.KUMARI

It's been 30 years of Blue Cross and more than 20 years of my bond with Blue Cross. I feel so grateful to be a part of this journey to protect and save the voiceless through our ABC/ARV program for stray dogs in and around Hyderabad. This year has been such a grateful year, as we got to work on 8 projects more and through these 8 projects we created an impact of 3,78,043 less street dog population. So far we have done a total of 8179 ABC/ARV operations to street dogs.

I urge all animal lovers to come forward, help & support us in all that we do.

My heartfelt thanks to our donors & volunteers, Deloitte, United Way Of Hyderabad, corporate donors, Municipal Commissioners & Officials, DDs, ADs and all supporters. My sincere thanks to my committee, staff and team who have always been my back bone and pillar of strength. I would also like to thank all the volunteers who come regularly and lend their support.

“HOPING TO SEE THE SAME SUPPORT AND LOVE FROM ALL OF YOU THROUGHOUT AND WALK HAND IN HAND WITH US IN OUR JOURNEY”

## HOW TO BEHAVE WITH STREET DOGS

	Do's	Don'ts	
	Stand still and look away if a dog approaches, or barks at you.	Do not run when there are dogs around. Dogs love to chase and easily catch you. This is when a bite happens.	
	Give street dogs their space and do not expect them to behave like pets. Avoid grabbing and petting them.	Avoid direct eye contact with street dogs. Never stare, it provokes them.	
	When faced with aggression- put an object between you and the dog if it attacks you.	Never pelt stones/ objects at street dog –they may bite others out of fear.	
	If a dog is chasing close, lie down on the ground, bring your knees close to protect face and chest in a posture like a ball. Close your face with your arms to avoid getting bitten.	Never go near a Dog when it is eating or sleeping. It's instinct will make it bite out of fear.	
	Always use a calm, soft, friendly tone when around animals. Sudden movements & loud voices could scare and agitate them.	Never tease dogs.	
	Maintain friendly attitude but don't touch.	Never pull the tail or ear of dogs. It breaks their trust.	
	Incase, you are carrying something in your hand and if the dog notices it and starts barking, leave the object/bag down to let the dog smell it. Once the dog calms down slowly take your belonging and walk away slowly.	Never go near a mother dog with puppies, or allow kids to do so. Mother Dogs are protective and may bite you out of fear.	
	Stay away from groups or pack of dogs. Never run. Instead you may walk to the other side of the road and slowly continue to walk on your way.	Don't tie any dog for a long durations of time. Dogs need exercise and activity to prevent them from getting aggressive and unfriendly.	

**In case of dog bite: Wash the wound with soap and running water. Apply antiseptic & seek medical help immediately. Do not bandage a dog bite wound. The Anti rabies post bite vaccine given on time, can save lives, and prevent Rabies. Support Animal welfare by ensuring all the dogs in your area (Pets and street dogs) are sterilized and Anti Rabies Vaccine given on time.**

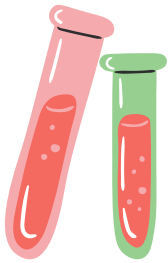

## THE WAR ON TICKS & DISINFECTING ROUTINES

**Our usual routine of disinfecting the shelter is once in 3 months. this time, the ticks issue became a huge challenge for us. We had an uncontrollable amount of ticks during the summer. But, the entire Blue Cross team and the volunteers worked together, disinfected the shelter, and made it a healthy & happy place for all the dogs again.**
